"I think the challenge level is appropriate. What I have been learning is not difficult, but they are very important things to learn. My supervisor is very flexible and helpful person, so I can ask him anything. Other staff members are kind too. I am involved in tax return for individuals, partnerships and trusts and auditing."

"My host organisation provided me with proper training during my internship. My internship tasks focused on individual income tax returns. My internship helped me get a detailed idea of how tasks should be prepared in a professional way."

"I'm having great time in here. My working place and people are nice to me. I'm working at the AirBag Department, and doing some work with my supervisors. My host family is very kind and I spend good time with them. I went to Downtown of Melbourne today, the city is safe place. I'm going well in here."

"I had a wonderful experience here in Australia. The place I work is very comfortable and the staff were very kind and friendly. The jobs I have done weren't very difficult but all the jobs were very important for me and the company as well. My supervisor, Ms. Davis was very nice. She kept in touch. It made me very comfortable to stay here. Everything was just great - I really enjoyed this internship and I definitely recommend this opportunity to others."
