**Aviation**  
AUSTRALIA

# THE LEADER IN AVIATION TRAINING

AVIATION AUSTRALIA IS THE LEADING AVIATION TRAINING PROVIDER TO THE ASIA PACIFIC REGION, AND A KEY EMPLOYMENT SOURCE FOR AUSTRALIAN AND INTERNATIONAL AIRLINES.

By far the best stepping stone into the industry, made some great friends and the staff were amazing teachers

**KIMBERLEY ANDREWS**  
QantasLink

At Aviation Australia, we offer you the highest quality training and experience to get you on your way to an exciting career as a professional flight attendant.

Our high-tech purpose-built Cabin Crew Training Centre at Brisbane International Airport allows us to offer the same fully authorised training as conducted by the world's leading airlines.

Our Cabin Crew Training Centre houses the latest in aviation training devices including cabin simulators, a slide-descent concourse, a ditching pool for practicing water-based emergencies and a fully equipped fire-training cabin.

And it's not only our facilities that are world class; our cabin safety professionals have many years

of experience working with the world's leading airlines such as British Airways, Emirates, Etihad, Qantas and Virgin Blue. This means that they can deliver all of the knowledge and skills that you need plus real life insight into life as a flight attendant.

As a professional aviation training organisation that is backed by the Queensland Government, we offer only the highest standards of knowledge, skills, value and experience and will assist our students with a smooth transition to living and studying in Brisbane, one of Australia's safest and most 'liveable' cities.

Being conveniently located in the Brisbane International Airport precinct, which is recognised as an aviation hub of the Asia-Pacific region, ensures as you look out of the windows of our classrooms, you can see your career taking off!

# INDUSTRY READY GRADUATES

TRAVEL, ADVENTURE AND ENDLESS OPPORTUNITIES - THE LIFESTYLE BENEFITS OF A FLIGHT ATTENDANT CAREER CAN TAKE YOU ANYWHERE - IN STYLE!

The personal experience of the trainers made the teaching more interesting and also gave us an insight on what happens behind the scene in the airline industry. This gave me extra confidence at the interviews as I understood the job better than other candidates.

**EMILY CHUANG**  
Jetstar International

Aviation Australia equips you with the comprehensive knowledge, skills, values and experience that employers require when assessing multitudes of candidates.

More and more airlines in Australia, the Asia-Pacific region and the Middle East choose to employ our graduates as a cost-effective and quality-assured alternative to internal training programs.

Some even hold their flight attendant recruitment days at Aviation Australia so our graduates have a natural advantage.

The quality and depth of our world class certified cabin crew training far exceeds any other course available and in fact, we not only teach you all the necessary knowledge, skills and values to gain your cabin crew certification, we also offer you all of the inside tips to help you get the job.

Key aspects of our 'above and beyond' training include simulated airline interviews, CV preparation assistance and personal grooming advice, so not only will you know your stuff, you will also look the part when going to your interviews.

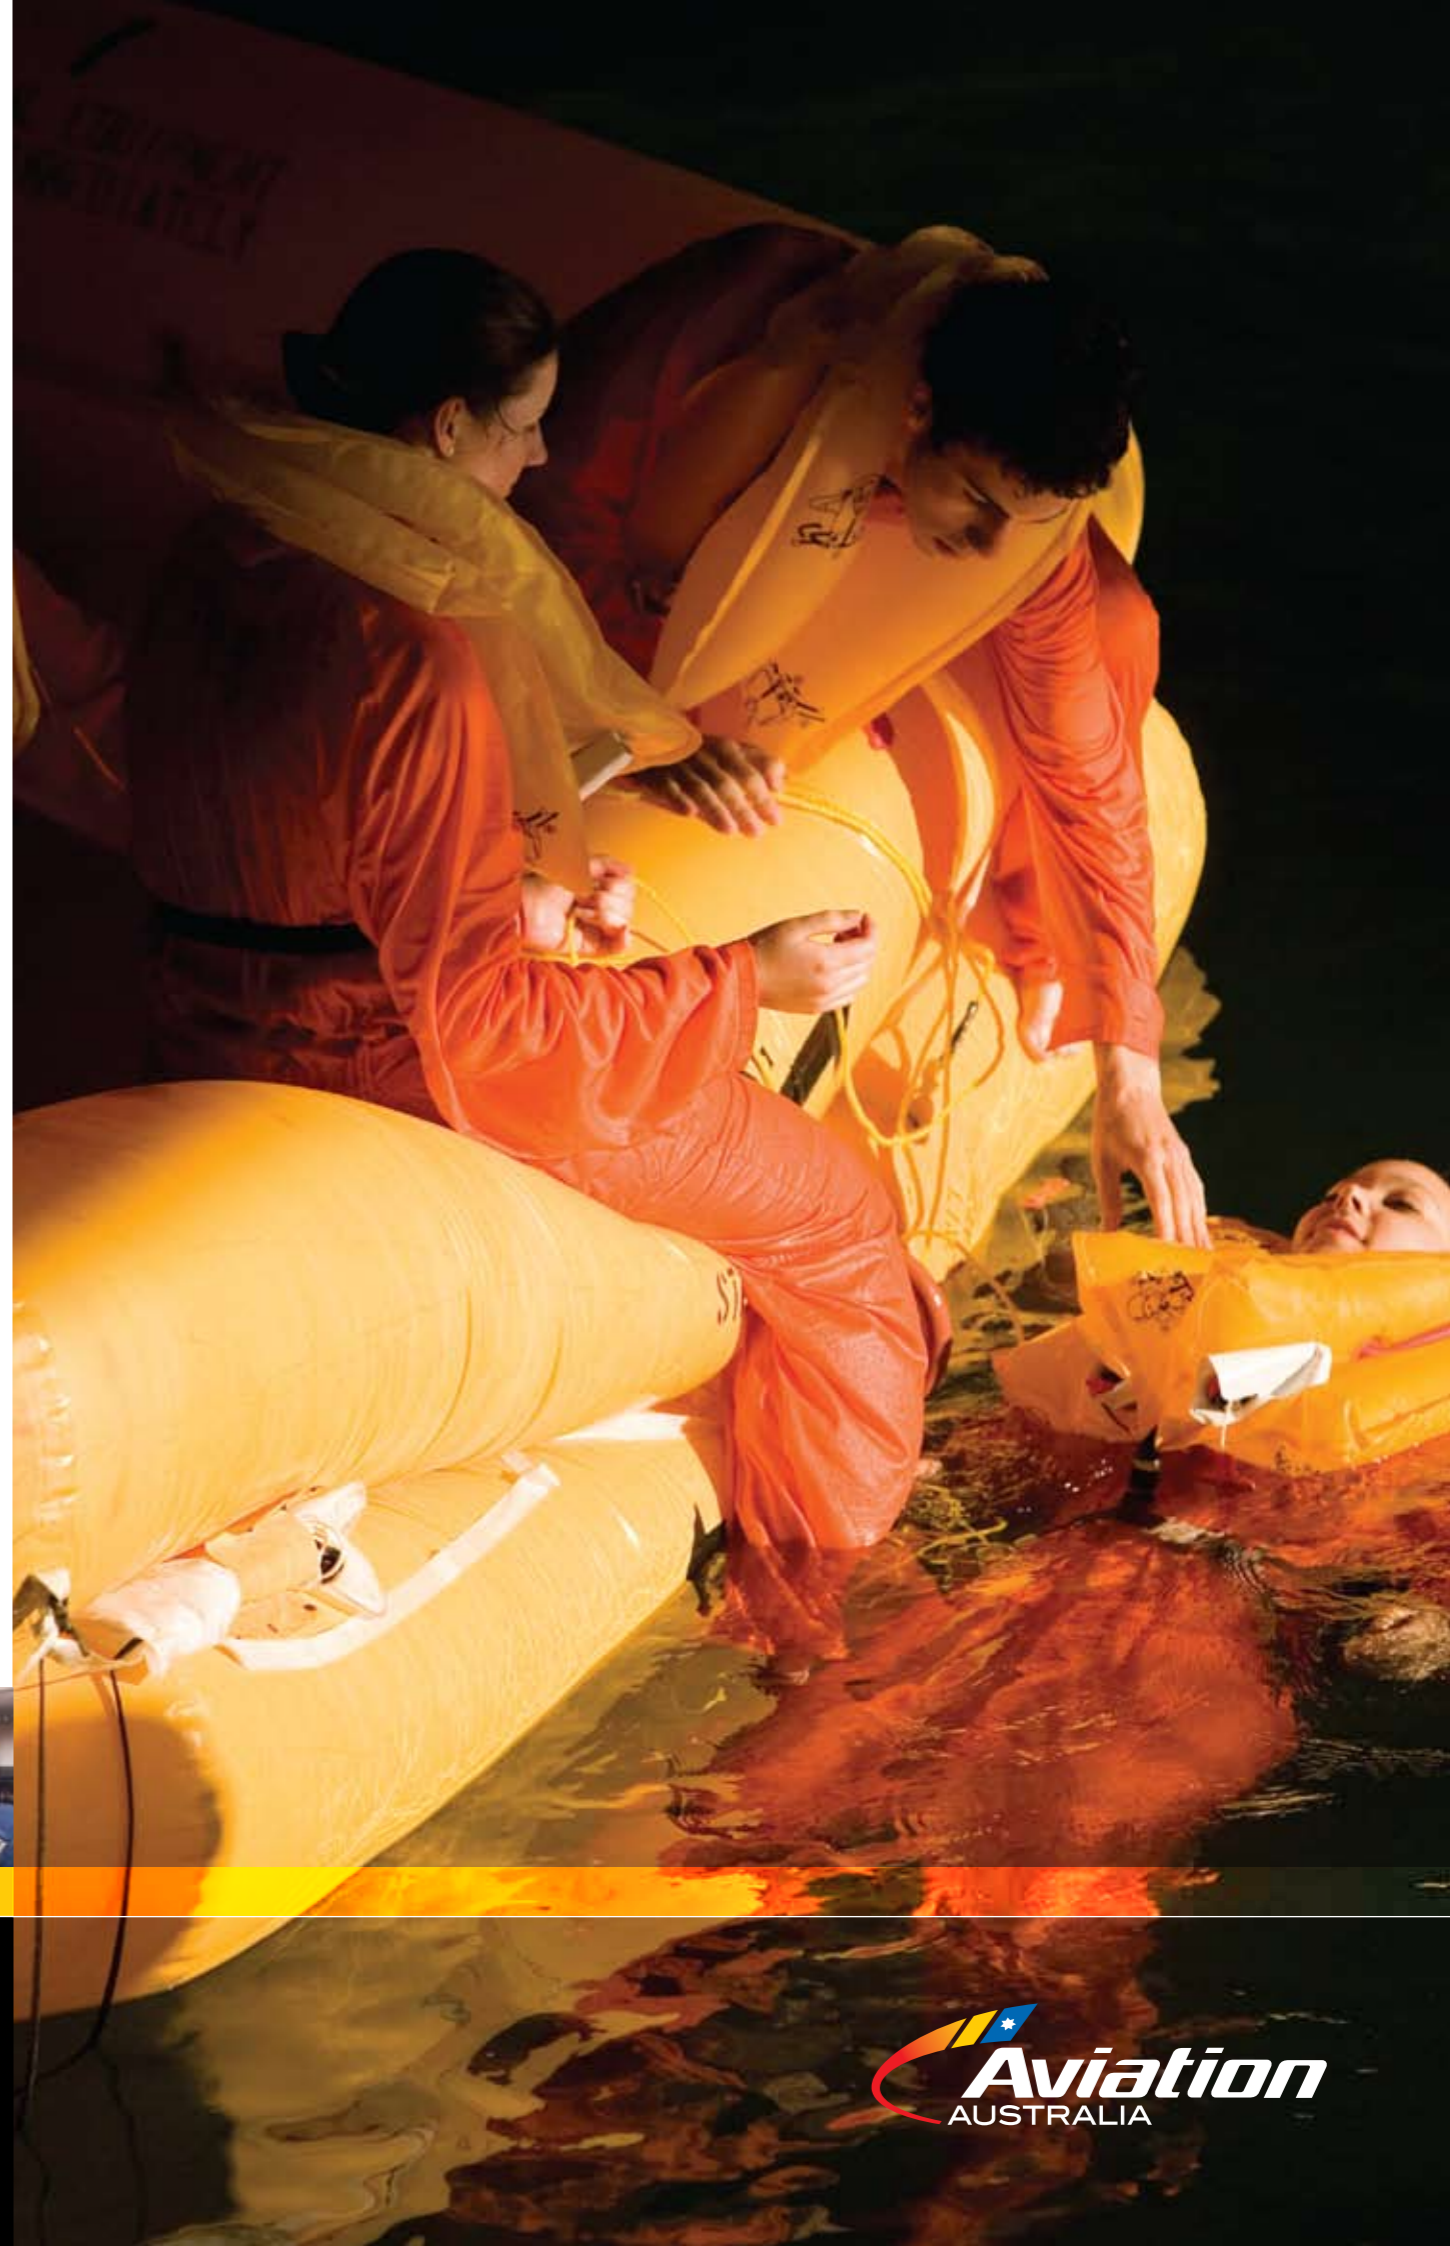

Our highly qualified professional cabin crew instructor team enjoys close relationships with a broad range of airlines. These relationships industry and experience mean that we can give you the edge you need to get to your destination!

BRISBANE INTERNATIONAL AIRPORT ACCOMMODATES 4.1 MILLION TRAVELLERS A YEAR // QANTAS IS THE OLDEST CONTINUOUSLY OPERATED AIRLINE // AMERICAN AIRLINES SAVED \$40,000 BY REMOVING ONE OLIVE FROM EACH SALAD SERVED // 557,507 BOXES OF CHOCOLATE WERE CONSUMED BY BRITISH AIRWAYS PASSENGERS IN ONE YEAR // IT TAKES FIVE HOURS TO CROSS AUSTRALIA BY PLANE

# LIVING AND STUDYING IN BRISBANE

YEAR-ROUND SUNNY DAYS, VIBRANT NIGHTLIFE AND A RELAXED, COSMOPOLITAN ATMOSPHERE BLEND PERFECTLY TO CREATE BRISBANE'S UNIQUE LIFESTYLE.

I had the best 10 weeks at Aviation Australia and met some great friends. The things I learnt helped me get my job at Qantas. I love it! I get paid to see the world. If you put your head into this course and want a job in the industry you will get it. I know I did...

**DAISY FORD**  
Qantas

Many desirable features make Brisbane an ideal place to live and study:

- Affordable cost of living
- Safe and clean environs
- Climate of warm summers and mild winters with daytime temperatures ranging from 18°C to 37°C
- Population of 1.8 million
- Good public transport system including easy access to Aviation Australia

Entertainment and attractions include a wide range of recreational programs and facilities, a multitude of restaurant and shopping precincts, the cultural centre complex housing a library, museum and art gallery, over 1000 parks including the Southbank inner-city parklands with beach and many annual cultural festivals. Brisbane is the gateway to Moreton Bay, the Gold Coast, the Sunshine Coast and Hinterlands. For more information on the City of Brisbane, visit [www.ourbrisbane.com](http://www.ourbrisbane.com)

Brisbane has a comprehensive public transport system with subsidies available and a range of methods providing easy access to our campus.

To ensure you receive the maximum benefit out of our training, our team at Aviation Australia can assist you with:

- Affordable accommodation options (including homestays)
- Airport transfers to accommodation for international students
- Organising health insurance
- Integrating into the local community
- Local transport subsidies

[www.aviationaustralia.aero](http://www.aviationaustralia.aero)

BRISBANE IS ALSO KNOWN LOCALLY AS BRISSIE OR BRIS VEGAS // 12,000 PEOPLE ARE RESCUED EACH YEAR AT AUSTRALIAN BEACHES  
AUSTRALIANS EAT 260 MILLION MEAT PIES EVERY YEAR // IN AUSTRALIA THERE ARE 40 MILLION KANGAROOS // 75,000 CROCODILES  
100,000 KOALAS AND 500,000 WILD CAMELS // 300 MILLION TIM TAM BISCUITS ARE EATEN IN AUSTRALIA PER YEAR

**Aviation**  
AUSTRALIA

# ESSENTIAL REQUIREMENTS FOR A FLIGHT ATTENDANT

IF YOU LOVE THE IDEA OF CHALLENGING WORK WITH AN EXCITING AND FLEXIBLE LIFESTYLE, THIS COURSE IS FOR YOU...

## ENTRY REQUIREMENTS:

- At least 18 years old for Australian airlines and 20-21 years for most international carriers
- Height restrictions – please enquire to determine if they apply in your case
- Fit and healthy
- Punctual, reliable, hard working and enthusiastic
- Demonstrated sensitivity to people from a variety of cultures
- A second language is a distinct advantage with most international airlines

## AUSTRALIAN STUDENTS

Australian students should have completed Year 12 and be 18 years old at the completion of the course.

## INTERNATIONAL STUDENTS

International students must meet both academic entry and English language requirements. Fully documented evidence in support of academic and English language proficiency must be submitted with all applications.

## ACADEMIC REQUIREMENTS

We recommend that you have completed the final year of secondary school (Australian year 12) in your home country.

## ENGLISH LANGUAGE REQUIREMENTS

All Aviation Australia international courses require applicants to demonstrate English language proficiency. If required, Aviation Australia can arrange English language training in Brisbane before the course commences.

Australian visa requirements specify that the International English Language Testing Service (IELTS) proficiency test is the only accepted means of demonstrating proficiency. The minimum standard recommended by Aviation Australia is the IELTS – Academic, with an overall band score of 5.5 or as determined by Aviation Australia.

For students from most countries a lower band score can be considered with an Aviation Australia approved ELICOS course.

Further information on IELTS, including testing centres in your country can be found at [www.ielts.org](http://www.ielts.org)

## VISA REQUIREMENTS

International applicants must be able to satisfy visa requirements set by the Australian Government. Please contact Australian Education Centres or the local Australian Diplomatic Mission in relation to

these procedures.

Most applicants wishing to enrol for a program at Aviation Australia will require a student visa; in a small number of cases a student visa may not be appropriate. You must investigate this matter with your local Australian Diplomatic Mission. We recommend that you start your enquiries regarding visas early in your investigations into studying in Australia. Travel arrangements to Australia must not be made until a place on the course has been offered. Further visa information can be found at [www.immi.gov.au](http://www.immi.gov.au)

## OVERSEAS STUDENT HEALTH COVER (OSHC) REQUIREMENTS

The granting of a visa to study in Australia is dependent on the applicant obtaining OSHC. This health insurance provides cover for you in the event of illness or accident. In general, OSHC pays a benefit which may not be the full fee, and you may have to pay a 'gap' between the fee charged and the benefit paid. Further medical benefit information can be found at [www.aviationaustralia.aero/international](http://www.aviationaustralia.aero/international) and [www.medibank.com.au](http://www.medibank.com.au)
